

USER GROUPS

ECOLOGICAL CONTRACTOR

I am... an ecological restoration contractor with a significant contract to carry out waterway restoration.

I wanted to... employ a work crew to deliver professional riparian planting and plant maintenance services.

I used Te Kete Hononga to... access recruitment support and improve my HR systems and capability.

CONSERVATION INITIATIVE

I am... a community conservation trust carrying out mammalian pest control.

I wanted to... to upskill our pest control crew with health and safety and best practice pest control.

I used Te Kete Hononga to... access targeted workplace training

CATCHMENT GROUP

I am... a collective of conservation groups, land holders and hapū.

I wanted to... work together in a more collaborative and coordinated manner to scale-up our collective efforts.

I used Te Kete Hononga to... develop an outcomes-based plan to guide our collective action.

LAND HOLDER

I am... landholder running dry stock..

I wanted to... retire some of my marginal land and plant natives to diversify my land use.

I used Te Kete Hononga to... develop a planting plan and access funding to help with costs.

SERVICE PROVIDER

I am... a training provider of ecological services.

I wanted to... broaden my network of potential clients.

I used Te Kete Hononga to... connect with clients who needed my services..

GOVT. AGENCY

We are... a Natural Resource Agency.

I wanted to... work collaboratively to progress Te Mana o te Taiao

We used Te Kete Hononga to... work more collectively with other agencies to provide support for initiatives.

- Co-funding

OUTCOMES

Effective onboarding for staff, improved operational policies and compliance.

Certified, skilled and compliant workforce with high confidence and morale.

A common vision for our collective and clarity of what we needed to connect our activities without vision.

Conversion of marginal pasture to native bush, revenue from carbon credits and reduced sediment run-off.

Increased uptake of my training services with a range of groups across the region.

Effective and efficient collaboration with other agencies and significantly improved RoI.
